Cavity Sliding Door Range

7400 Series

ASSA ABLOY

Lockwood has an exciting new lock for cavity doors

Lockwood's Cavity Sliding Door Lock range has been enhanced with what is possibly the most innovative and aesthetically pleasing lock for a cavity or sliding door solution.

The 7400 Series combines elegance with ease of use and is ideal for any home cavity slider application.

Not only will the internal bathroom, lounge room or closet sliding doors have a matching contemporary look, but interconnecting doors, such as from the garage to the laundry, can also be fitted with a key lockable entrance set for additional security.

Key Features

Designed in Australia for specific Australasian market conditions

- Easily fitted into a standard 54mm door preparation with a 60mm backset
- Fitted flush against the panel of the sliding door for full recess into the door cavity
- Entrance, Privacy and Passage functions available for the residential solution

Key lockable solution

- Key locking and turn function protects the secondary external application for an interconnecting cavity door
- Australian standards compliance AS41452.2-2008: Tested to exceed 30,000 turn cycles withstanding 3 kN of pull force

Retractable door pull

- The Sliding Cavity Door Locks feature an innovative retractable door pull which is highly appealing to the discerning home owner
